Sir:

Applicants have filed all papers timely and promptly to ensure this application is on track for timely examination in accordance with the statutory deadline.

It is not clear whether or not documentation properly filed herein is all listed in the transaction history for the image history for the application. This uncertainty arises from renewed inspection of Private PAIR. Attached is a photocopy of a post card reflecting a filing in March 2006, and it is not clear whether or not the material reflected in the post card receipt is actually listed in the transaction history or in the image history in Private PAIR.

Respectfully submitted,

Kendrew H. Colton
